No one should have to care alone

# Home Care

We are a national charity established over 30 years ago by Irish family carers to support them in caring for their loved ones at home. Our focus has always been on providing a personalised quality home care service that responds to changing needs with comprehensive, premium quality supports.

## Let us take the strain.

If you decide to employ a home care worker yourself, you become their employer, thus must register as an employer and be responsible for your employee's tax, social insurance, annual leave and so on.

At Family Carers Ireland, we manage all of this for you as we employ the home care worker.

**The benefits of this are less worry and stress for you AND you can still claim for the tax relief. Visit our website to learn more about how you can claim.**

**We build our care plans around people, not profits**

**We deliver  
10,000  
hours of  
care per  
week**

**Family Carers Ireland is a  
HSE Approved Home Care Provider**

**Family Carers Ireland** has been embedded in Irish homes for **over 30 years** delivering premium quality care in the home. We pride ourselves in the knowledge that we understand your needs and are truly committed to ensuring you are safe, comfortable and cared for to the highest of standards.

## We guarantee:

- Consistently high quality care in the home.
- To always consider the needs of the care recipient and of the family.
- Knowing your home care worker and them knowing you.
- A dedicated Home Care Services Manager.
- Ongoing monitoring of your home care service.
- All our staff are Garda vetted and trained to the highest standard.

**98% of our customers would recommend our service to a friend.**

**At the heart of our home care service is ensuring that it matches your particular needs.**

Our care plans can include any combination of a general call-in service, light housekeeping, social activities, personal care and more specialised support e.g. dementia or palliative care.

**Rates from**  
**€23\* per hour**

**Tax relief of up to 40% is available** which can substantially reduce this cost (down to €13.80/hr at the top rate). If the cost is being paid for by more than one person, this tax relief can be shared pro rata to their contributions.

**Please call us or visit our website to learn more about the specific supports we offer.**

\*All services are subject to the outcome of our in-home risk assessment.
